Cooplands open new concept adjoining Magnet

Cooplands has opened a new concept café called Eats & Seats adjoining Magnet.

Initially it will be a takeaway service for the "eats", but the "seats" will be used when the café can be fully opened on 17 May. The Scarborough based business has been trading since 1885, and has 170 shops. They have opened in a larger scale format than usual to allow the seating.

Savills and Gregory Moore Property advised the landlord, and Cooplands were not represented.
